DOCKET NO. 1420

ORDER

On consideration of Appellant's Motion for Oral Argument, filed on 01 March 2019, it is, by the Court, this 16th day of October, 2019,

ORDERED:

That Appellant's motion is hereby granted. The Court will hear argument on **21 November 2019 at 1000** on the following Assignment of Error:

Whether the *DuBay* Judge's findings, which support the conclusion that trial defense counsel were not ineffective in failing to file a suppression motion on the basis of Article 31(b) where the victim advocate suspected SN Harpole of sexual assault and did not provide a rights advisement before questioning him, are clearly erroneous.
